Regional Freedom Of Information Officer

US EPA Region 5

77 West Jackson Blvd.

Chicago, IL 60604-3507

Sir or Madam,

Our company sells *Bacteria for Water Pollution Control* to industrial and municipal waste water treatment plants. We wish to add an outside technical sales person to our company in the state of Ohio. They will be visiting the plants in person, by phone and email with regularity. Under the Freedom Of Information Act I am requesting a listing of **Industrial and Municipal NPDES permit holders for the state of Ohio**. This will allow our rep. to prospect and serve clients where needed.

I request the listing be arranged thusly:

County in alphabetical order. Then plant name in alphabetical order. The contact information should include the Plant Name with a contract name, address, town, Zip Code, phone number and email address, where possible. There is no need to separate municipal and industrial nor Major/Minor permit holders in the listing. The salesperson will be contacting all waste water treatment plants when in a geographic location.

Please send the information in a Flash Stick or CD preferably in a Pdf or Word version as we will be printing it out on 8 1/2 by 11 size paper. We understand there may be a charge for this request and will pay the fee. If you have questions about this request, please call or email me. Thank you in advance for this valuable service.

Regards,

C. Richard Marcheski
